## PROFESSIONAL SUMMARY

B.Tech Computer Science Engineering (Data Science) student with a foundation in Python, SQL, Java, data structures, DBMS, and software development. Experienced in building full-stack and data-driven applications using Python, FastAPI, React.js, MySQL, and Pandas. Strong interest in software engineering, problem-solving, and learning modern technologies

## TECHNICAL SKILLS

Programming Languages: Python, SQL, Java (fundamentals)

Backend: FastAPI, REST APIs

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Libraries & Frameworks: Pandas, Streamlit

Database: MySQL

Core Subjects: Data Structures, DBMS, OOP, Operating Systems, Computer Networks

Tools: VS Code, Git, GitHub

Cloud & Platforms: Oracle Cloud Infrastructure (OCI), Microsoft Azure SQL, ServiceNow

## PROJECTS

### Village Development Data Dashboard — Full-Stack Software Project

*React.js | FastAPI | Python | Pandas | MySQL | Tailwind CSS*

- Designed and built RESTful APIs in FastAPI to serve village-level government datasets, enabling fast, structured data retrieval between the frontend and MySQL backend.
- Cleaned and transformed raw government datasets using Pandas — handling missing values, inconsistent formats, and validation checks — to ensure accurate downstream analysis.
- Built a responsive React.js + Tailwind CSS dashboard with a interactive search, multi-field filtering, and drill-down views across demographics, education, healthcare, and infrastructure indicators.
- Modeled and structured relational schemas in MySQL to support efficient querying as the dataset scaled across multiple villages and development categories.
- Worked on end-to-end system design — from API contracts to UI state — to keep the frontend and backend independently deployable and easy to extend.

## CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional – Oracle
- Google Data Analytics Professional Certificate – Google (Coursera)
- ServiceNow Virtual Internship Program – ServiceNow University
- Cisco Python Essentials (Python Essentials 1 & 2) – Cisco Networking Academy
- CCNA (Introduction to Networks, Switching, Routing & Wireless Essentials, Enterprise Networking, Security & Automation) – Cisco Networking Academy

## EDUCATION

Lakshmi Narain College of Technology & Excellence, Bhopal

Bachelor of Technology (B.Tech), Computer Science Engineering (Data Science)

Expected Graduation: 2027
